

The fastest and most reliable backfill solution.

Are you still using outdated backfill solutions? If you are setting posts with tamping methods or with concrete, it's time for a change.

BMK Corporation has a superior product specifically designed to save your most valuable asset – time. Not all the money in the world will buy back even a second of your time, and no one wants to spend an extra second setting a post.

Postloc sets up in 15 minutes or less, and eliminates many headaches associated with traditional backfill applications.

Advantages

- Easy to use
- Lightweight package
- Superior holding strength
- Works with all fence materials (woods, metals, vinyl and more)
- Can be used in all seasons
- Works well with various soil types
- Simply the better solution!

Postloc sets permanently in just a matter of minutes. Then just cover with sod or dirt and you're done.

As Easy As 1-2-3!

1. MIX

2. SHAKE

3. POUR

DONE!

Postloc®
